FULL FORCE OF EPIDEMIC YET TO COME

State Official, Here to Aid Flight, Says Influenza Is Traveling Westward.

BEDS ARE PROVIDED

That the full force of the influenza epidemic has not yet been felt in this state, although it is believed to have reached its peak, was declared by State Health Officer Francis J. Schlenz, a representative of the City of Chicago, who arrived in Pittsfield yesterday. The epidemic was received in the industrial towns of the eastern part of the state, and in the cities, the industrial towns of the eastern part of the state of Pennsylvania in the eastern part of the state. The regulation of the Department of Health, under the direction of Dr. W. H. Back, director of the Department of Health, former representative of the Department of Health, is being watched closely to prevent the spread of the disease. The state board of health has declared that the health conditions throughout the state are satisfactory, and that the epidemic is not likely to spread further. The industrial towns of the eastern part of the state have been carefully watched, and no cases have been reported in any of these towns. The industrial towns of the eastern part of the state have been carefully watched, and no cases have been reported in any of these towns.
