CLOSING ORDER

WILL BE LIFTED ON NOVEMBER 9

State Health Commissioner at a News Conference in the Office of the Mayor This Afternoon.

DEATH INCREASE SLIGHT.

The number of deaths from the influenza epidemic has increased slightly but is still not as high as expected. The death rate is now below 1,000, while the total number of deaths since the start of the epidemic is over 10,000.

MAY OPEN CHURCHES.

The governor has said that churches may open with strict health precautions in place. The opening of churches will be on a voluntary basis, and the governor has stated that churches should follow the guidelines set forth by health officials.

NEW MILITARY HOSPITAL.

The new military hospital is under construction in the heart of the city. The hospital will be ready to receive patients in the near future. The hospital will be staffed by military doctors and nurses, and it will be equipped with the latest medical technology.

The article ends with a positive note about the future of the city.
