DON MASKS! ROLPH URGES AS
BEST MEANS OF AVOIDING RISKS

make your daily business and social life and
make its record of death in our city, it must be stopped.
It is in the duty of every person to help it stop.

in the best means of fighting the greatest threat to
the public, "Wear Masks!" As Mayor, I request every man,

chance if you fail your city now and do not wear a mask.
Masks may prevent half or more of the sickness and death

possible total of 20,000 cases and 1,200 deaths.

This proclamation has the concurrence of the Board of Public Health the Red Cross, organized labor, organized associations of merchants, charitable
organizations and other public bodies. Conscience, patriotism
and self-protection demand immediate and rigid compliance.
