INFLUENZA CLAIMS 1,081 MORE; 32 DIE

Sick Stricken by Epidemic in San Francisco 4,824, With 9 Fatalities From Disease

Authorities Believe That Sickness Is Checked and That Peak in Suffering Is Passed

The city of San Francisco, in its last 24 hours, added 1,081 new cases of influenza full-blown, making the total number of cases 4,824. All of the clinics of the Board of Health were open yesterday morning with the doors closed. In the parks and other places where people gather, passes were being issued to allow entry. All other places, including schools, were closed. All public buildings were closed.

CHRISTMAS MEETING

A meeting of the Board of Health was held yesterday morning, and a special meeting was held to discuss the situation. The board voted to close all public buildings and schools. The doctors advised the shut down of the city to prevent the spread of the disease.

NEW CASES

In Chicago, on the other hand, the number of cases has declined. The death toll is down to 32. The city is still on lock down. The mayor has asked for federal aid to help with the situation.

INFLUENZA OUTBREAK

The outbreak has spread to other cities in the country. New York City has reported 1,214 new cases of influenza. The death toll is at 24. The city has declared a state of emergency and implemented strict quarantine measures.

PLACES MUST CLEAN UP

The city of New York has issued a directive to all businesses to clean up their premises. The mayor has stated that the city is facing a crisis and that everyone must play their part to help.

REMARKS

The situation is serious, and everyone must take it seriously. The city is doing everything in its power to prevent the spread of the disease. We need everyone's cooperation to get through this.
