

# LIVELY GAME OF SOCCER AT CAMP CRANE

The wet weather of Sunday did not dampen the spirits of the boys at Camp Crane. The War Camp Community Service, led by Edwin Booth made sure of that by providing a lively exhibition game of soccer, played on the race track enclosure. The new commandant, Colonel Snyder and the boys of the camp witnessed the game from good dry, comfortable seats in the grand stand.

The exhibition was provided by the champion Bethlehem Steel eleven, playing against a picked team made up of their own extra men. Although handicapped by the drizzle and the mud both teams put up a spirited contest which ended with the Blues a winner over the Reds by three goals. Colonel Snyder was delighted with this innovation in entertainment and became an immediate booster of the game. He arranged with the War Camp Community Service officers and the Bethlehem Steel team officials after the game for the further fostering of the sport at Camp Crane.

During the game the Camp Crane Band added a touch with their playing. William Sheridan, manager of the Bethlehem champions, and P. J. Morrissey in charge of the recreation work at Bethlehem were present at the game and through the War Community Service the commandant is arranging for the teaching of the game to the boys at Crane. Colonel Snyder welcomes it as added stimulus and incentive toward increasing the physical and mental morale of the men at camp. Arrangements will be made with Mr. Cleavett, of the Y. M. C. A. to secure coaches and outfit for the instructing of the soldiers.

The lineup of the Blue and Reds Sunday was as follows:

BLUES	REDS
Duncan .....	goal..... Roth
Fletcher .....	r. b..... Wilson
