

Schools Will Open

A joint meeting of the county commissioners, town council and school board for further consideration of the quarantine was held at the court house last night in County Clerk Shull's office, Mayor Heath presiding. After some discussion, on motion of Trustee Harkness it was decided to open the schools, Messrs. Heath, Harkness, Gayin, Soderholm, F. S. Williams and Wright voting for the measure and Cummings, James, Shull and Woodruff voting against it. By this action the schools will open on Monday, February 3rd. There is talk of a petition for and against general lifting of the ban, except as to people coming in, and of reducing the time of detention.
