

WEAR A MASK and Save Your Life!

The Emergency That Now Confronts Our City
Is Beyond the Facilities of the Health Department

The RED CROSS

has come to the assistance of the Board of Health. Doctors and nurses can not be obtained to take care of the afflicted. You must wear a mask, not only to protect yourself but your children and your neighbors from influenza, pneumonia and death.

**A GAUZE MASK IS 99%
PROOF AGAINST INFLUENZA**

Doctors wear them. Those who do not wear them get sick. The man or woman or child who will not wear a mask now is a dangerous slacker.

WEAR MASKS
