

Epidemic Closes Marysville Saloons

Special Dispatch to The Chronicle.

MARYSVILLE, October 29.—By voluntary agreement, the saloon men of this city closed their places of business, to remain closed during the epidemic of influenza. It is likely an ordinance forcing the wearing of preventive masks will be passed at the next session of the City Council.

SCHOOLS ARE USED AS EMERGENCY HOSPITALS

Several public schools have been converted into neighborhood hospitals. The Board of Education announced yesterday that it has included Dental Weber school, Fremont, and several other schools in the city. The Board of Health is also to be notified.
